

The Hegeso, Dexileos and Ilissos and other Stelai
 Very interesting website with many examples of Greek artworks.
 The Stele of Polyuctus - referred to by John Murray in 1884 is on this page - scroll almost to the end of page to see it.

Above : Lot 330 is a truly fantastic Greek figurine of a Pomeranian dating from 350-300BC. It was sold by Christie's in October 2004 and was part of the 'A Peaceable Kingdom' collection of animals in art collected by Leo Mildenberg. Behind the figurine is a small Xenon ware vase dating from C4th southern Italy. Please go to link below to see other examples from this wonderful collection.
